How can sustainable finance help you?

Refresh timeline

Easily replace, refresh or add extra devices during the contract term, to meet your changing needs.

Greater patient care & improved outcomes

Give clinicians extra time to focus on providing better patient care, helping to reduce wait lists and improve staff retention.

Adapted to your budget

IFRS16 compliant structures, with payments that align across your capital & revenue budgets.

Leverage our relationships with leading MedTech manufacturers and Service Providers across the globe
